DISTRICT MENTORING PLAN – 2019-2020

The Superintendent is presenting the 2019-2020 District Mentoring Plan for the Middlesex County Vocational and Technical Schools. The plan is in alignment with the TEACHNJ Act and in accordance with all mentoring program regulations for non-tenured teachers in their first year of employment, as specified in N.J.A.C. 6A:9B-8.4. The mentoring plan is being submitted to the Board of Education for review of fiscal impacts, as specified by the Department of Education.

The goals for the district mentoring program are:
- Assist first-year teachers in the performance of their duties and adjustment to the challenges of their teaching assignment
- Identify exemplary teaching skills and educational practices necessary to acquire and maintain excellence in teaching
- Reduce novice teacher attrition
- Improve the effectiveness of new teachers
- Enhance teacher knowledge of and strategies related to the Core Curriculum Content Standards and Common Core State Standards in order to facilitate student achievement

The mentoring plan describes training for mentor teachers to assist them in their responsibilities while providing support to novice teachers. The district mentoring plan specifies that the training will be provided by members of the MCVTS Instructional Services Department during a full-day professional development workshop. Participating mentor teachers will be given release time from their building assignment to attend the mandatory training. Cost to the district will be minimal; primarily payment of substitute teachers to cover the mentor teacher classes.
