The Superintendent is reporting highlights of recent district-wide school/student activities that have occurred this month. These activities involve career, college, community, and business collaboration with various partners to enhance the students’ educational programs.

Academy of Allied Health and Biomedical Sciences

- For CTE month, students made morning announcements about the New Jersey Career Technical Education standards and practices. Facts about CTE, allied health and biomedical professions were shared with the student body. Student Council organized a Dress Like a Professional spirit day for students to dress for their future professions and the halls were filled with students in scrubs and lab coats.

- On February 1st, 70 members of the Academy’s HOSA future health professional’s chapter, and advisor Dr. Christine Wiamer, traveled to the Cumberland County Technical Education Center for New Jersey Southern Regionals. They participated in CTE workshops, heard from a motivational speaker, and competed in many events. Over half of the competitors placed in the top eight in their events and earned the right to compete at the State Conference.

- Students enrolled in one-semester Rutgers courses (Scientific Principles of Nutrition, Anatomy and Physiology I, and Clinical Research) took their exams on February 5th. Every student passed.
