

RUTGERS

University Behavioral Health Care

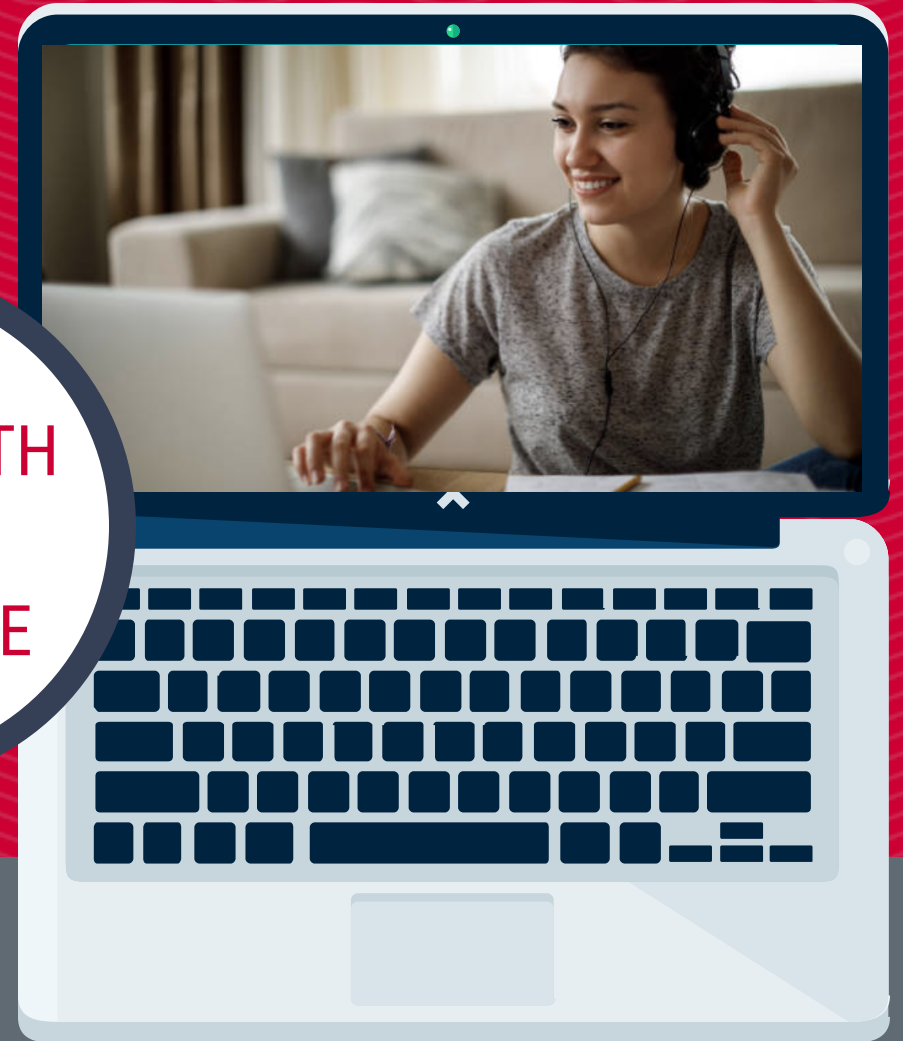

Children's Mobile Response & Stabilization Services

Serving Essex & Middlesex County

We continue our Children's Mobile Response & Stabilization Services during this difficult and challenging time, and remain ready to support youth and families within one hour of request. Crisis intervention and care coordination for up to eight weeks is provided free of charge. Services may include in-home therapy and outpatient services through telehealth, so treatment is available from the comfort and safety on your home

**If your child is struggling,
